[month, day, year]

Dear Ms. Burrows,

Leading my team to achieve 99%+ dosage calculation accuracy was my most significant career accomplishment in 2020. I believe that I can offer similar attention to detail and strong leadership in the role of Senior Pharmacy Technician at Walgreens.

As a technician dedicated to providing outstanding service with more than 12 years' experience, Walgreens' patient-centered approach makes this my ideal role. I believe that the following accomplishments show my suitability:

- Creating and delivering a range of educational materials to help patients understand how to use EpiPens safely.
- Optimizing the store's merchandise shelving to increase sales by 32% in a single fiscal quarter.
- Achieving consistent patient satisfaction scores of 95%+ because of my professional demeanor and clear explanations of drug administration procedures and potential interactions.

I am excited to tell you more about how my skills and qualities can help Walgreens continue to set the standard for providing caring, high-quality pharmacy services in 2021. Please feel free to get in touch to set up an interview.

Sincerely,

Marius Campbell

P.S. I would love to tell you why my company named me the most efficient team leader for my state in 2019.
