[month, day, year]

Dear Mr. Roberts,

As you can see from my resume, I have three years of experience supporting marketing campaigns for insurance companies. During my time at Lifestance Insurance, I played a pivotal role in executing a social media marketing initiative to generate leads on LinkedIn, Facebook, Twitter, and Instagram. These efforts helped grow the social media presence by over 400%. I hope to bring similar success to your organization in the marketing assistant role.

Northeast Insurance Inc.'s reputation for its ethical business practices is what draws me to apply for the position. Transparency and honesty are integral to building consumer trust, and I can help enhance your marketing efforts based on the following achievements from my career:

- Coordinated with the marketing team and social media specialists to execute social media campaigns across four channels, resulting in a 400% increase in followership
- Supported the refinement of marketing copy for insurance products and services to provide transparency and build trust with the customer base
- Tracked and analyzed campaign performance and presented data to senior leadership

I look forward to scheduling an interview to tell you more about how my expertise in social media marketing can aid your organization. Feel free to contact me for additional information at your convenience.

Best regards,

Sarah Thompson
