[month, day, year]

Dear Ms. Waters,

With over five years of experience as a physical therapist assistant, I've worked with diverse patient populations and licensed therapists to provide patient-centered care. During my time at Brooklyn Physical Therapy, I administered highly effective treatment to clients under the supervision of licensed physical therapists. I believe that my extensive background in evidence-based treatment would be a valuable asset to Manhattan United Health.

Your organization's mission statement of delivering patient-centered care aligns with my experience within the physical therapy field. I am confident that I can be a valuable contributor to Manhattan United Health based on my professional achievements:

- Delivered inpatient and outpatient treatment and support to clients, including therapeutic exercises, massages, and strength training
- Coordinated with the physical therapist to reduce pain, prevent injuries, and increase mobility for patients by tailoring treatment regimens and adjusting plans based on client response
- Provided empathy, encouragement, and emotional support to patients throughout the treatment process to achieve physical therapy goals

I would like to schedule an interview to provide more insights into how my expertise in evidence-based care can benefit your organization. Feel free to contact me for additional information based on your schedule.

Sincerely,
Jason Ramirez
