Mr. Hector Santos
Hiring Manager
RLS Hospital

Dear Mr. Santos:

During my three years as an RN case manager, I've been praised in all formal reviews for "high commitment and resourcefulness in planning the next chapter of patients' recovery." I'd love to uphold that same level of patient-centered care at your hospital.

I'm intrigued by RLS Hospital's mission to "provide modern, sophisticated health care while understanding and serving the distinct needs of each patient." This is a core value I've developed through my work at two Philadelphia-region hospitals. My career highlights and qualifications also include the following:

- Skilled at planning post-hospitalization factors such as facility placement, home health services, and provision of durable medical equipment (DME)
- Committed to finding the best options for each individual based on their insurance coverage and unique health care goals and priorities
- Draw on deep knowledge of relevant insurance, discharge, and admission policies

I look forward to potentially telling you more about how I can serve your facility, and I am available to talk at your convenience. Thank you for your time and consideration.

Sincerely,

Joseph Corbin
